

Grade 9 Registration 2017—2018

A Reputation for Excellence

Our school has the distinction of being named after the Honourable Frederick W. Johnson, former Lieutenant Governor of Saskatchewan and recipient of The Order of Canada, The Saskatchewan Order of Merit and The Order of St. John. He was appointed "Queen's Counsel," before becoming a Judge of the Saskatchewan Court of Queen's Bench and the Chief Justice of the Court.

Advanced Placement (AP) is an internationally and nationally recognized enrichment opportunity. AP is open to all students and is offered in all Regina Public Schools high schools. Students who enroll in one or more AP courses will study Saskatchewan Ministry of Education curriculum supplemented with post-secondary learning outcomes.

F.W. Johnson Technology Use Contract: 2017—2018

In order to maintain our excellent computer/technology network at **F.W. Johnson Collegiate**, it is necessary to communicate high expectations for their usage. We request the support of parents/guardians to assist us in maintaining responsible student use. Opportunities for all students to explore the world of information using computers, media retrieval, audio and video production are provided throughout the school year. These opportunities enhance the skills necessary for effective research, writing, communicating and presenting. We encourage flexible use of the technology; however we have established specific business rules to protect the interests of all. The following technology use agreement is a mechanism whereby the students and their families have been informed of the access we will provide and also outlines the consequences should any violations occur. Please review this with your son/daughter and sign acknowledging your understanding. Should you have questions or require clarification, please call our school office.

The following rules are necessary to ensure that we can allocate our financial and human resources to provide exciting technical experiences. Violations of the following make it necessary for us to spend inordinate amounts of time securing, monitoring, repairing and re-programming. These rules are to ensure that all students have access to the appropriate technology.

I WILL NOT without express instruction/permission from the supervising teacher:

1. Access email, messaging, chat, or forum sites.
2. Access another user's file and/or account.
3. Play games, or add games to any computer in the school.
4. Add or remove software, files or hardware (including cabling).
5. Add, modify or delete any system or application software file.
6. Alter any settings on electronic equipment including computer control panels, configuration settings, televisions, VCR, video and audio equipment.
7. Use disks, CDs or portable storage devices
8. Use peer to peer sharing of assignments.
9. Download or upload any files to or from the system or specific machines.
10. View, access or publish any files including copying or searching for information that does not meet the social standards of the school and community. (Profane, racial, sexual, or para-military applications, documents or images will not be tolerated).

I WILL NOT:

1. Bring or consume food or drinks in the technology or computer labs.
2. Mistreat any of the technology equipment in the school.
3. Take material from the internet or other online sources and present it as my own (plagiarize).
4. Try to disable or bypass security measures or restrictions put in place on school computers

Violations to the above mentioned rules will result in suspension or complete removal of access to the technology depending on the severity or frequency of the infraction.

I have read and understand the rules and the policy as outlined above. I agree that if I violate any of these rules I may forfeit the right to use technology at F.W. Johnson Collegiate. It should be further understood that if scheduled for a class which requires extensive use of technology I may have to drop or reschedule the course.
